NOTE TO: Ex Dir

STAT

STAT

I received a call from Elizabeth Chaney with the Armed Forces Inaugural Committee. They are responsible for coordinating all military support to the Presidential inauguration. CIA is listed as a coordinating agency.

I checked with the Operations ^(see above) Center and Security. No one remembers being involved in the past. The DO remembers that CIA had something to do with past inaugurations--perhaps providing some intelligence on security-related matters. In any event, I decided you might be the best place to figure out who should be tasked to coordinate this.

Ms. Cheney's number is 475-1938. Her office is located at the Navy Yard.

*Called Ms. Cheney this date. A
Lt. Col. Proctor may call back for a point of
contact on counterterrorism/security matters.*
